

SE EXCISE CHEMICAL TAX REFERENCE

Date: October 18, 2022

Ubiquiti Products under the Swedish Act on Tax on Chemicals in Certain Electronics.

Deductions

Based on information provided by the Manufacturer and to the best of our knowledge, these products qualify for the 50% reductions for the non-use of brominated and chlorinated flame retardants over .1% (in the PCB and Plastic Parts over 25 grams) and 90% reductions for additional non-use phosphorus-based flame retardants as specified in the following table:

Sample Tax Calculation

Check Tax Rate by CN codes, and calculate by below formula

Weight X Tax Rate = Subtotal X [1 - Tax Deduction] = Total Tax

This document is intended to be used as reference for the calculation of the Tax on Chemicals in Certain Electronics of Ubiquiti's products, however it does not exempt the importer or responsible entity for calculating, paying and reporting the tax under the Act to fulfill its obligations.
